

REMARKS

This Examiner is thanked for the thorough examination of the present application. This is a full and timely response to the outstanding Office Action mailed May 3, 2005.

The Office Action tentatively rejected all claims under 35 U.S.C. § 102(e) as allegedly anticipated by U.S. Patent 6,376,351. The sole inventor of the '351 patent is also a co-inventor of the present application. Accordingly, the Office Action acknowledged that this rejection would be removed upon an appropriate shoring under 37 C.F.R. § 1.132. Accordingly, the inventor Choa-Chieh Tsai, has executed an appropriate declaration under 37 C.F.R. § 1.132, which declaration accompanies this response.

In accordance with the accompanying declaration and the statement in the Office Action, the presently-outstanding rejection should be withdrawn and all pending claims allowed.

Should the Examiner have any questions regarding this response, the Examiner is invited to telephone the undersigned attorney at (770) 933-9500.

No fee is believed to be due in connection with this amendment and response to Office Action. If, however, any fee is believed to be due, you are hereby authorized to charge any such fee to deposit account No. 20-0778.

Respectfully submitted,

Daniel R. McClure, Reg. No. 38,962
